Lucy.

Psychologist:

Lucy:

"maybe"

Psychologist:

"are you listening"

Lucy:

"I fell in love, I fell in love with one person, I trusted, I trusted with all my heart, I loved with all my heart, I shared everything, but he betrayed me"

Psychologist:

", how are you feeling now Lucy?"

Lucy:

"I feel pain, disappointment, betrayal."

Psychologist:

"Do you still love him?"

Lucy:

"Yes, the most terrible thing is that I can't forget him, I know what's right, I know I have to go, move on with my life, forget him, but I love him, I love him so much that I'm ready to forgive his betrayal, but my self-respect does not forgive me"

Psychologist:

"It's good that you know what pain is, this pain will not go away, but you will get used to it and learn to live with it"

Lucy:

"I don't understand why life is like this, why it destroys us, why it holds our hopes and then takes it away, why it does this to us, this world is not like what we are taught in childhood, we are told that the world is beautiful and fair, but I do not see justice"

Psychologist:

"I can't explain it either, why the world treats us like this, why it gives us so many trials, I hear stories and I think, God, why did you allow this, why do you treat people like this, but our riddle is to endure this, this injustice, we are being tested, we are being tested on how much we can endure. in life"

Lucy:

"And maybe I don't want to endure it, maybe I want to give up?"

Psychologist:

"If you wanted this, you wouldn't have asked me this question, you are a fighter, born a fighter, fight, don't give up, don't even think about it, no matter how life hits you"

Lucy:

"all are not that strong"

Psychologist:

"That's exactly why they give up, some kill themselves"

Lucy:

"I want everything to be different, I want there to be no pain in the world, no betrayal, no pain caused by the loss of a person"

Psychologist:

"We all want this, I wish it was really like that, I wish the world wouldn't destroy us, but then would there be a price for love? Loyalty? Friendship? If everything was simple, all this would have no price."

Lucy:

"Maybe that's the answer?"

Psychologist:

"What's the answer?"

Lucy:

"The answer of the world, maybe that's why it throws us into chaos so that we appreciate the peace, maybe that's why they betray us so that we appreciate loyalty, maybe that's why our loved ones leave us so that we appreciate their smallness in our lives"

Psychologist:

"Perhaps the human race will never understand this, you will be surprised when you learn how much human hatred is there and how much black hole there is in our hearts, maybe we deserve all this"

Lucy:

"Maybe so"

Psychologist:

"Today's conversation is over, see you tomorrow"

He got up and went to the beach, watched the sunset for a while and returned home.

Isabelle:

"Lucy, are you better?"

Lucy:

Isabelle:

"We humans can endure and adapt to a lot of things, we are creatures that can withstand almost any kind of mental pain, you can handle it too"

There was a knock on the door and Lucy went to open the door, she opened the door and there was the girl who was kissing Damon.

"but he was kissing you"

"No, No, he pulled back , you just didn't see it, I'm so sorry about that."

Isabelle:

"Damon, do you remember what I told you?"

Damon:

"Yes, what will make me forget"

Isabelle:

"never forget it"

Lucy:

"Mom please stop"

Isabelle:

"Okay, I won't say anything more"

lucy she went up to his room and got the phone and then went back to Damon.

He sat down and turned on the phone, he read some text on the phone.

Lucy:

"Damon have you seen Anita anywhere?"

Damon:

"No, I haven't seen"

Lucy:

"2 days ago, he wrote to me that his mother left home with her lover, but I had switched off my phone and could not see her"

Damon:

"She didn't say anything to me"

Lucy:

"Let's go to him, see how he is, does he need anything"

Damon:

"lets go"

Damon and Lucy got into the car and drove to Anita's place, they looked almost everywhere but she was nowhere.

Damon:

"Did you see him in the restroom?"

Lucy:

"No, I haven't seen it"

Damon entered the restroom and saw Anita, there was blood almost everywhere, Anita's veins were cut.

Lucy:

"Oh no, please no, is she alive?"

Damon:

"it's alive"

Damon and Lucy brought Anita to the hospital and were waiting for her at the reception.

Lucy:

"I wish I never had to come here again"

Damon:

"everything will be fine"

Lucy:

"If I had seen Esemes sooner, if I hadn't accidentally turned off the phone and seen Esemes, maybe Anita wouldn't be in the hospital now, it's my fault"

Damon:

"Your fault? It's not your fault,
don't do it again, you're a good
friend to him"

Lucy:

"What if she die?"

Damon:

"Don't think about it."

Lucy:

"She has no one, she is completely
alone, her mother is gone, her
father is already gone, Anita
deserves more, more love, but her
parents have not done anything for
Anita"

Damon:

"But you did, you were there for
him"

Lucy:

"He did more for me"

The doctor comes out of the room with his head down, he goes
to Damon and Lucy.

Lucy:

"How is she ?"

Doctor:

"she's fine, but he definitely
needs a psychologist"

Lucy:

"thanks God"

Doctor:

"He is still unconscious, you can visit him in a few hours"

Lucy:

"I got it, thanks"

The doctor left, Lucy turned and hugged Damon.

Damon:

"I told you everything would be fine"

Alexander comes through the door and approaches Damon and Lucy.

Alexander:

"Please tell me she's alive"

Lucy:

"Anita is alive"

Alexander:

"It's all my fault, I turned my back on him because of drugs, if I had stayed with him he wouldn't be in the hospital now, he wouldn't feel alone and he wouldn't have tried to kill himself"

Lucy:

" she wrote to me, but I didn't see Esmes in time, if I had seen him at the right time, he wouldn't be in the hospital now"

Alexander:

"You saved him, I think you did everything right"

Lucy:

"And you still have a chance to fix everything, it's not too late"

Lucy:

"I'm going in with Anita, I want to be with her when she wakes up"

lucy she entered Anita's room, he came to him and sat with him, Anita was sleeping and woke up.

Lucy:

"hello stupid"

Anita:

"I'm sorry Lucy, I know I promised you that I would fight to the end and not give up, but everyone left me, mom, dad, Alex, and you didn't answer me and I couldn't take it anymore, I just don't understand why this world is treating me like this? What did I do wrong?"

Lucy:

"It's strange, a few days ago I asked the same question and they answered that the world is like this, somehow, unfair, sometimes it treats us in such a way that we don't even understand what we did wrong.. We look for answers to the following questions, but there is no answer, we just have to fight, that's all we have left. "

Anita:

"But maybe I don't want to fight, maybe I'm tired"

Lucy:

"You must fight for yourself, you must fight for other loved ones, you must not give up"

Anita:

"No one loves me, I have no one"

Lucy:

"You are wrong, you have Damon, you have Alexander, you have to fight for us"

Anita:

"Alexander? He left me"

Lucy:

"He's out there waiting for you"

Anita:

"Is he here?"

Lucy:

"I think I'm pregnant"

Anita:

"What? Seriously? Are you talking?"

Lucy:

"Yeah, the test came back positive, I didn't tell Damon."

Anita:

"Why didn't you tell him?"

Lucy:

"I don't know what he thinks about it, we never talked about the baby, maybe he'll be angry, I don't know"

Anita:

"Damon? Is Damon angry with you?
It's just impossible, he'll go to
hell with you if he has to, he
loves you so much Mende, he'll
never hurt you, but you should tell
him about the pregnancy, you
shouldn't go through it alone."

Lucy:

"I don't even know if I'm pregnant
or not, maybe the test was wrong,
does that happen?"

Anita:

"Well for that test I'd have to
have 50 babies by now to believe me
so don't worry but tell Damon"

Lucy:

"Okay, I'll go and tell Alexander
to wake up"

Anita:

"Wait, what do I look like?"

Lucy:

" you are terrible, but if you
break up because of this, I'll kill
him"

Lucy left the chamber and came to Alexander.

Lucy:

"Alexander, you can come in, Anita
woke up"

Alexander entered Anita's room and Lucy came to Damon.

Damon:

"Did something hit you?"

Lucy:

"I think I'm pregnant but I don't know for sure"

Damon:

"ok that's cool"

Lucy:

"Cool? How can that be cool? I'm 17 and you're 19, people don't want kids at that age."

Damon:

"Okay wait calm down, I want anything with you, whatever you want"

Lucy:

"Okay, since we are already in the hospital, I will go in and do a normal test"

Damon:

"No matter what, I'm with you, don't forget that"

After 2 days:

Lucy Damon and Anita are at a pool party and hooking up.

Lucy:

"damon, i'm not pregnant"

Anita:

"Aren't you pregnant? That's cool, don't be offended, but I imagine a mother like you who teaches her son judo and karate, and then that child beats up all the boys and girls who don't like her."

Damon:

"Anita, i kill you"

Lucy:

"Damon and I are going on vacation for a while and we want you and Alexander to come with us."

Anita:

"I don't know, it sounds a bit boring"

Lucy:

"We are going on a ship, LGBT cruise"

Anita:

"Gay cruise? Wow, let's make (a 2 part gay cruise) film"

Lucy:

Damon came to Lucy.

Damon:

"Did you tell him?"

Lucy:

"Not yet, let's talk together"

Damon:

"Together?"

Lucy:

"Are you still afraid of my mother and grandmother?"

Damon:

"Am I afraid? No"

5 hours later.

Damon and Lucy arrived at Lucy's house and went inside, sitting in the living room with Isabelle and Jessica.

Damon:

"Hello Isabel and Jessica"

Isabelle:

"Hello, what are you doing here?"

Lucy:

"To tell you the truth, we came here to tell you that we want to go on a cruise and we were wondering if you would mind"

Isabelle:

"Against? No, when are you leaving?"

Lucy:

"tomorrow"

Isabelle:

"Then what are you waiting for? Well, pack barg, Damon will stay with us"

lucy she got up and went upstairs.

Isabelle:

"Don't dare to do anything too much with my daughter, otherwise I will tear your penis and And I will cut your penis into pieces in very, very small pieces"

jessica:

"I will help him"

Isabelle:

"Is that clear?"

Damon:

"Yes, of course"

Isabelle:

"Great, go help Lucy"

Damon:

"Oh my god, is that guy alive?"

Lucy:

"Yes, but she still trembles when she sees her grandmother"

Damon:

"Did your mother do something similar?"

Lucy:

" And my mother put my father on the bed and was tied like that for 4 days"

Damon:

"Why did he do that?"

Lucy:

"She was pregnant with me and at 4 o'clock in the night she wanted a watermelon in the winter, and in the middle of the winter, where did my father get it for you and fell asleep"

Damon:

"There is a really serious reason"

Lucy:

"Did they tell you something?"

Damon:

"No, No"

Lucy:

" they are both very cute, just a little emotional"

Damon:

"You're not as emotional as them are you?"

Lucy:

"I went to Nick's house and kicked him in the penis and then I broke his phone, I wanted to do more but I stopped myself"

Damon:

"okay"

Lucy:

"Let's go"

Damon took Lucy's luggage and put it downstairs, then went to the car, put the luggage in the car and looked at Isabelle and Jessica standing next to the car, who were looking at Damon.

Damon left and they came to the ship where Alexander and Anita were waiting.

Anita:

"Are you ready?"

Damon:

"Anita you're already a lesbian"

"Besides, there would be a lot of
penises to cut"

Isabelle:

"lets go?"

jessica:

"I'm too old for that"

Isabelle:

"Okay mom, I'm sure you can cut
men's penises in half right now
